EP - Ed Program
S – Social
F – Fundraising event

The school offers various information sessions during year on numeracy, literacy and school program for all year levels. Dates will be advertised as these sessions are organised.

Junior School Council organise a few fundraising days during the year. These will promoted as they identify them. Usually a gold coin donation is required and sometimes we have free dress days – no school uniforms.

Please note that there may some date variances with the events above. This is to be used as a guide to social and fundraising activities during the school year, additional events may be added and further information for these events above will be provided closer to the date.

Events during the year for school activities will be advertised in Stop Press and by class room notices. We hope to provide adequate notice to families of these events as they are confirmed.
