At Beaumaris Primary School, we like to celebrate the efforts of our students. At the start of each school year we seek permission from parents/guardians for the use of photographs/images/voice recordings of students in a variety of media including the school newsletter, school website, video/DVD display within the school, social media and occasionally articles in local papers or other publications. School activities may be filmed and used for educational and promotional purposes (e.g., student projects, year level performance evenings etc.). This footage may be distributed to other students/families in the school.

Please note, we allow parents to record school performances (where copyright enables this) as a memento that can be shared with other family members.

I give permission for photographs/images/voice recordings of my child to be used as follows:

ELECTRONIC COMMUNICATION

Konnective is our free mobile app solution that allows us to communicate with you, our parents, straight to your smartphone. This app is used for sending news, events and reminders so you can be even more connected with your children’s events at the school. For those without a smartphone there is a web mobile version as well as a website version. During February we will be emailing out a link to join with Konnective to all those families who are not currently using this facility.

If you would NOT like to receive this link for Konnective, please tick this box. □

Please complete and return to your classroom teacher by Monday 9th February, 2015.
